

## TRAINING

**Texas** coordinates employee-training through the **Wharton County Junior College** system and Work Source Solutions. Wharton County Junior College has an enrollment of over 4,000 persons and tailors training curriculum to match the needs of each specific company. Pre-employment testing and screening are also available through Wharton County Junior College. The state-funded job-training program is available to new, expanding and existing companies and **the college will work with companies to access state funds available for their training needs.** Wharton County Junior College's excellent reputation is built through exceptional training and service to traditional as well as high technology industries. Please visit [www.wcjc.cc.tx.us](http://www.wcjc.cc.tx.us) or call the Wharton Economic Development Corporation at 979-532-0999 to coordinate an introduction with staff.
